From my perch
I rule the world and through
My window I can see
My domain
A world that
Has made many scientific advances
While its people starve a world
That explores the vast expanses
Of space while its people sleep
In the streets one that strives
For equality but never quite
Makes it I see a world where
Involvement is "the thing" but
Apathy reigns where Peace
Is the cry but war
Is the game
I can see
A world of filth and disease
Hunger and despair and a glimmer
Of Hope over the distant horizon
And in the soul of every man
From my perch
I rule the world and through
My window I can see

GIVE EARTH A CHANCE

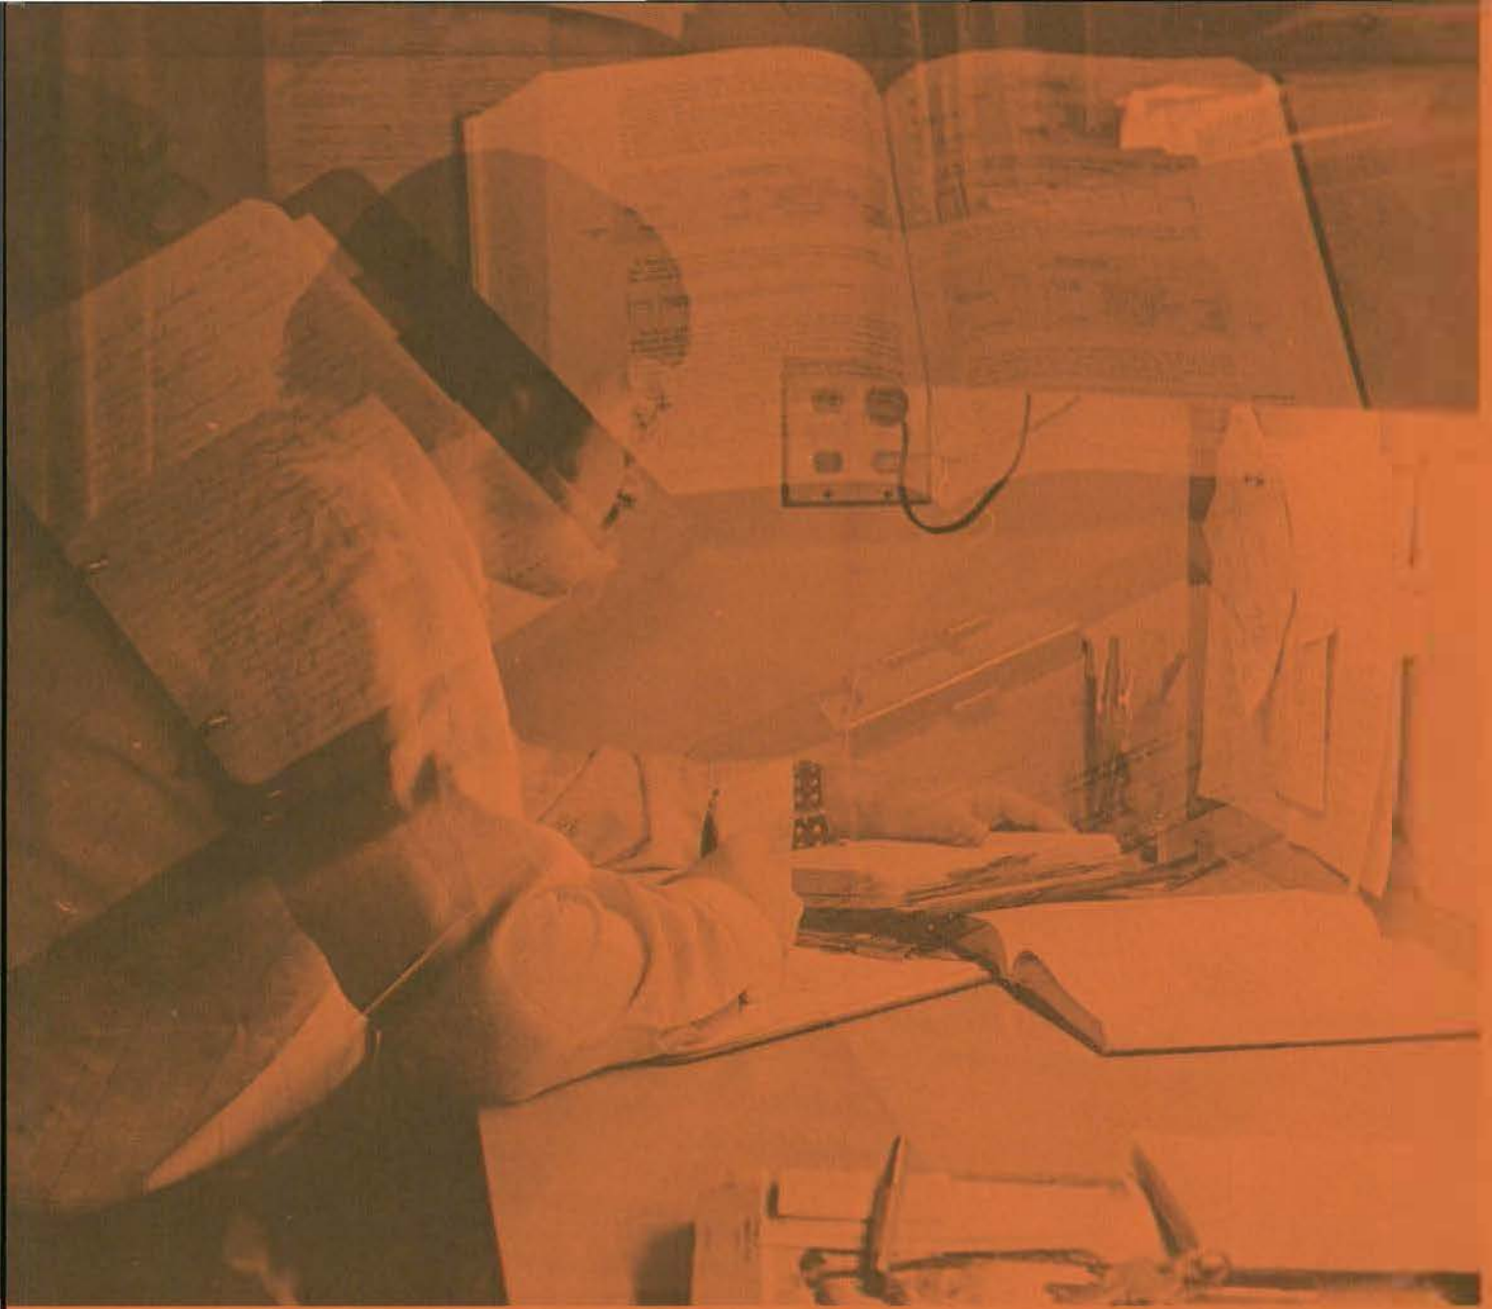

I have walked many miles down
roads of hardened clay.
Through many rains I have sought
the end of my road.
I have stopped to watch the
children hard at play.
They somehow eased the burden of
my heavy load.
Little do they realize, but
soon they will see,
They carry growing burdens, and
walk the roads like me.
To map the roads of which I speak,
Would tell the story of my life.
The burden comes from growing up
With all its stress and strife.
If only I could tell them
What lies on down their road.
But I have not come to my end yet,
So that tale I cannot unfold.

GO BIG GREEN
EASTERN MICHIGAN UNIVERSITY
LUNDELL PLASTICS

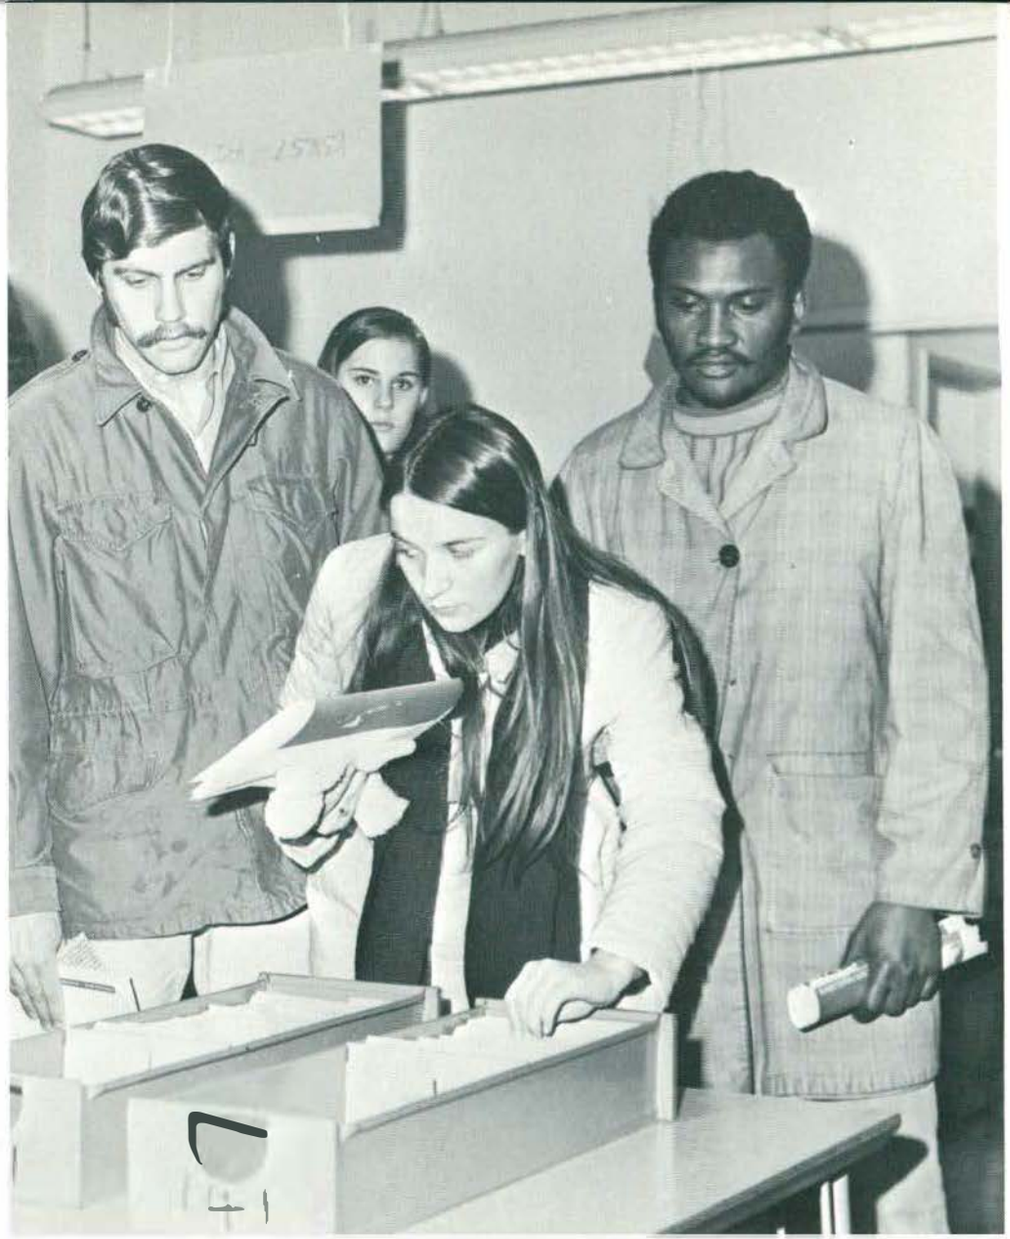

For what do we search the paths of life?
Why do we ever endure the stress and strife?
Is there a reason we need to push on,
Resting at night, to rise again at dawn?
Or is there but one Dawn in the life of man?

And where would be our place in this
great plan?
Is birth the dawning and death the
fall of night?
If this is so then what occurs during this
black plight?

Is there a life after night falls?
Will rewards be given or fires burn all?
The answer to these remain unknown.
To only the concious will they be shown.
Awake my friend, open your mind.
The wonders of life you will there find.

—apied-

In the muddy spring of 1970, EMU presented a Spring Carnival. Members of the student body and fraternities contributed with games booths and rides. Student participation flourished due to school shutdown because of the Kent State incident. Even the community people turned out.

the fifth dimension in concert . . .

Opening to a full house at Bowen on Feb. 17, The Fifth Dimension really produced a fantastic performance to the first sell-out crowd in Eastern's history.

The program began with the talents of The Rene Denight Quintet, the back-up group to the Fifth Dimension. The Fifth Dimension's act included medleys of songs from two of their biggest songwriters Laura Nyro and Jim Webb. And, of course, the finale was the song of the year of 1969, "Aquarius/Let the Sunshine In."

speakers of worldly importance

Each year the University brings in a number of important well-known people to speak on contemporary issues. Highlighting this year's speaker's program were Jean Claude Killy, world champion French skiier, and Sander Levin, candidate for Governor of Michigan.

ecology —

caring about the environment.

In the early spring of 1970 several area organizations displayed their concern for ecology by attempting to clean up the Huron River. E.M.U. Greeks and other campus volunteers were joined by several community businesses and organizations in the project. Everything from beer cans to kitchen sinks to cars were plucked from the river. They cleared several truck loads of junk from the polluted waters, but there is still much more work to be done. It is the responsibility of those who care to see that the job is completed.

hurons experience top ten ranking

FOOTBALL SCORES

E.M.U.		OPPONENT
14	North Dakota State	14
23	Quantico Marines	0
30	Waynesburg	0
25	Indiana State	21
6	Western Kentucky	45
10	Eastern Kentucky	21
35	Wisconsin-Milwaukee	0
14	Northern Michigan	8
20	Northeast Louisiana	0
60	Ball State	0

The 1970 Varsity Football Team faced the toughest schedule in the history of EMU Football and finished the season with a 7-2-1 record. The Hurons vaulted into the top ten rankings when they tied the defending national champions of North Dakota State 14-14. They remained there as they rolled passed the Quantico Marines and Waynesburg. Added luster came when they made a miraculous homecoming comeback to defeat Indiana State 25-21. Their downfall came on two tough roadtrips to Kentucky. The Hurons came back from successive losses to Western Kentucky and Eastern Kentucky to win their last four ball games of the season.

Individually, Larry Ratcliff became the school's career rushing leader with 1,660 yards, the first Huron ever to gain more than a 1,000 yards rushing in a single season with 1,011 yards, and the leader in career rushing attempts (312) and season rushing attempts (171). He also tied the record for most points and most touchdowns scored in a single game as he crossed the Ball State goal line four times. Chip Gooden became the number two career leader in pass receiving yardage with 1,183 yards. George Bailey also became a career-leader in extra points attempts (55), extra points converted (43), and punting yardage (7,591). Dave Pureifory led the team for the third straight season in tackles for a loss, with 25, from his down tackle position.

huron harriers seize national championships

Last year Eastern Michigan's Cross Country squad finished with national runner-up honors in both the NAIA and NCAA College Division Championship races. This season they annexed both Cross Country titles to their lists of team accomplishments. Led by captain Wayne Seiler and Dave Ellis, the former Canadian Olympian, the tracksters finished the season with a 4-1 dual meet record. The Hurons went against some of the better Cross Country teams in the Midwest when they took part in the Notre Dame Invitational, in which they placed third. Bowling Green, conceivably the best dual meet team in America, was the only Cross Country squad to enjoy victory over the Hurons. In other championship meets EMU finished sixth in the National Senior AAU and took a first place finish in the Michigan AAU without the support of their top six runners.

strength, skill
balance squad

outdoor team finishes first in naia finals

Diligent practice, the capable leadership of coaches Robert Parks and Al Pingel, the experience of thirteen returning All-Americans and lettermen, and the help of promising Freshmen have been favorably combined in the 1970 Outdoor Track Team to warrant optimistic plans for future seasons and hopes for many more NAIA Championships.

The Green and White Thinclads of EMU competed in five major relays and one dual meet against Notre Dame in the early part of the season. All eighty members of the squad were consistent in adding points to the all important team score. The rest of the season was devoted to Invitationals and Championship Meets.

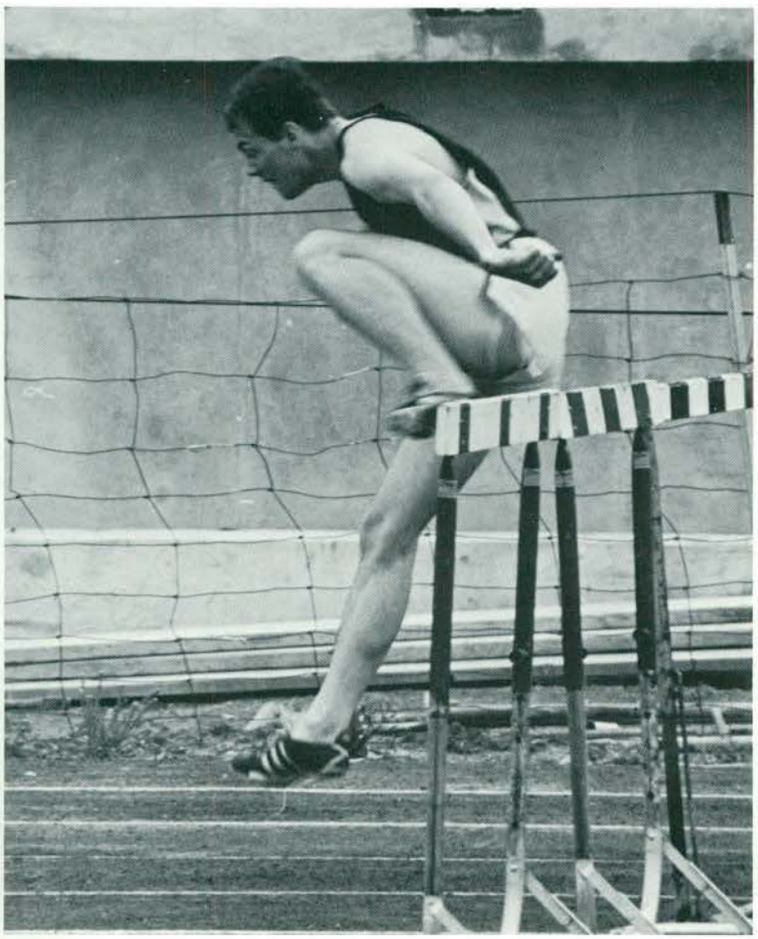

Led by Captain Ed Oxley and All-Americans Dave Ellis, Bill Tipton, and Eric Nesbitt the squad placed first in both the NAIA State and National Championships. In the Hammer Throw, John Smiley became a national champ with a throw of 162' 8".

In stiffer NCAA National Championships — College Division, Eastern finished a close fourth, thirteen points behind the winner. With many developing underclassmen, the Green and White Thinclads have added great strength and experience to the thirty events of the outdoor season.

hurons seize naia national crown

The merits of the Huron nine cannot be pinpointed to any particular game, just as it cannot be said that any player's error or strikeout or mistake in judgement was in any way responsible for the team's failure to win all their games.

In their second season at the new Briggs Baseball Stadium the Hurons brought home another NAIA National Championship. Led by the NAIA National Tournament Most Valuable Player, captain Jeff Peck, the team compiled a 41-11 record. But the squad was only as good as their pitching staff allowed; five hurlers appeared in over thirteen games and had an earned run average of 2.17. The furure of the Huron nine looks very promising, with the lose of only five seniors the team is preparing to defend their National Crown.

strong arms pace squad to victory

best winning season posted by veteran team

meets, practice build netters

EMU's racketmen can be found regularly on the courts working at their game. Practicing on the courts — watching all the girls go by. But their preseverence and stamia has been rewarded with an impressive number of winning seasons. Although many students at Eastern Michigan University do not realize it, our Tennis team rates among the top in the nation. Considering the stern opposition they faced, EMU finished first in their NAIA District and placed 7th in NAIA Tennis Championship play.

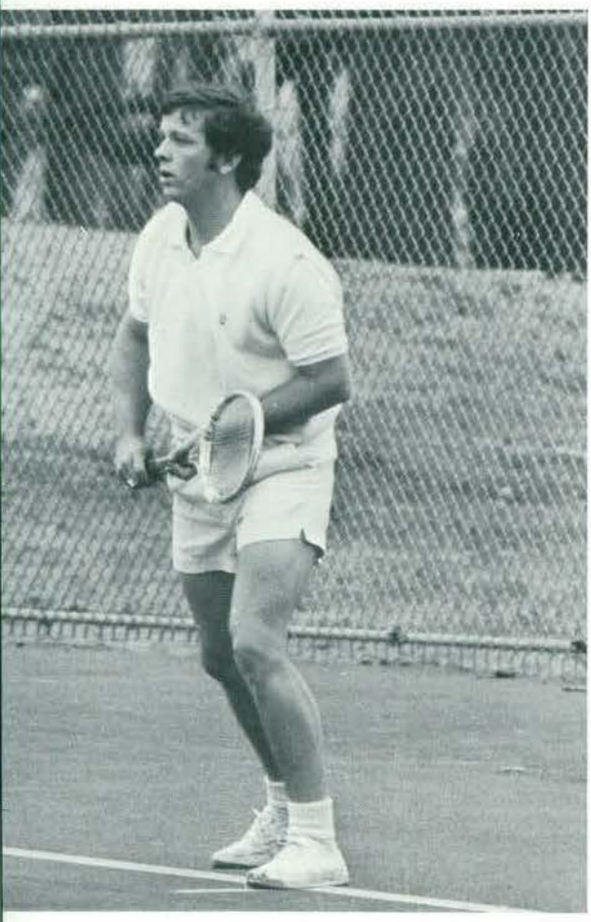

During the National Finals Lee Patton, Robin Wideman, and Al Jagutis all advanced to the thrid round of singles play, but all three were defeated in the second sets. In Doubles play, the teams of Al Jagutis and Dave Fisher, and Mike Dombrowski and Lee Patton, were knocked out during the early rounds. Both the Singles and the Doubles managed to pick up valuable points that were needed for their strong finish.

Overall the Tennis team finished the season with a 14-8 record and are preparing for many more winning seasons.

FRONT ROW: *Maurice Gilbert, Robin Wideman, Mike Dombrowski,* SECOND ROW: *Lee Patton, David Fisher, Coach Ron Nemeth, Al Jagutis, Rod MacDonald.*

soccer club romps in premeir season

The fall of 1970 found the game of the "educated foot" making it's advent on the sports scene of Eastern Michigan University. The Huron Soccer Club began with much enthusiasm and plans for the future of the game looked very pleasing for seasons ahead.

The game got off the ground on a winning note due to the interest of many foreign students and their patience in instructing American aspirants. From the British Isles, Rod Montrose and Chris Pratt-Johnson highlighted many exciting plays. From the Carribean, team captain Ian Hall, Wayne Codogan, and Tahyib Khan sparkled a highly regarded offensive attack. European and Middle Eastern contributions appeared in the form of Fredrico Sagarrio and leading scorer Touma Khouri, who had six goals in seven games.

The backfield players were made up of many statewide atheletes playing the game for the first time or who had limited experience previously. Goalie Ted Makuch recorded one shutout and had a 1.20 goals-against average for the season. Chris Edwards, Randy Stark, Wally Foraker, and Rick Riedel brought previous high school and junior college experience in supporting roles for the Hurons. Coming into their own were rookies Dan Venezia, Rick Bolton, Sam Patterson, Denny Wrobel, Dave Stafford, John Cowing, Mike Gibson, John Debien, Art Ellis, and Pat O'Hara.

Future seasons will see a new soccer pitch on the West Campus along with an increased schedule of formidable opponents such as Western, Oakland, U. of D., and schools of the soccer-tough state of Ohio and Canada.

intramurals spread campus wide

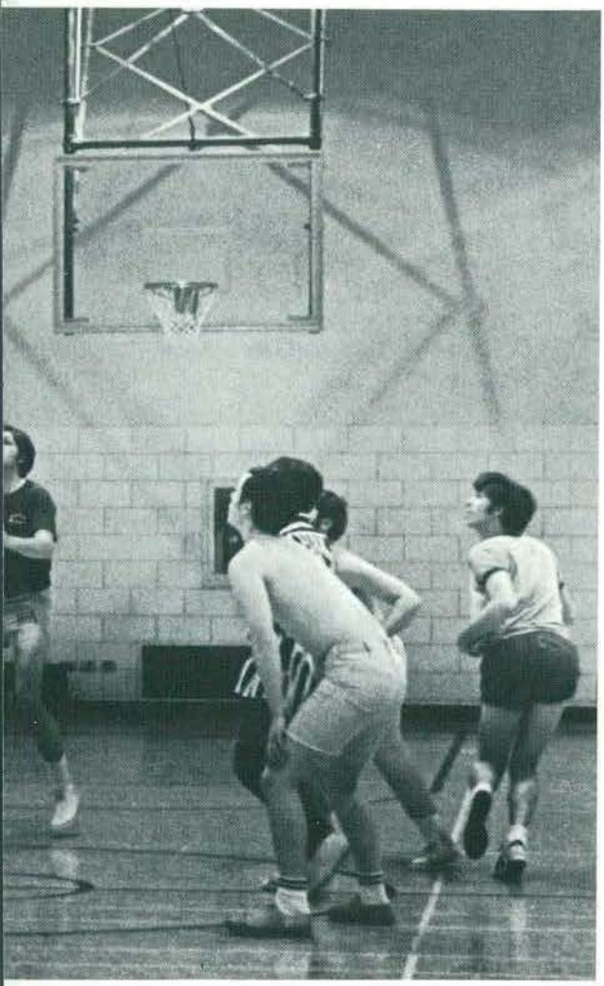

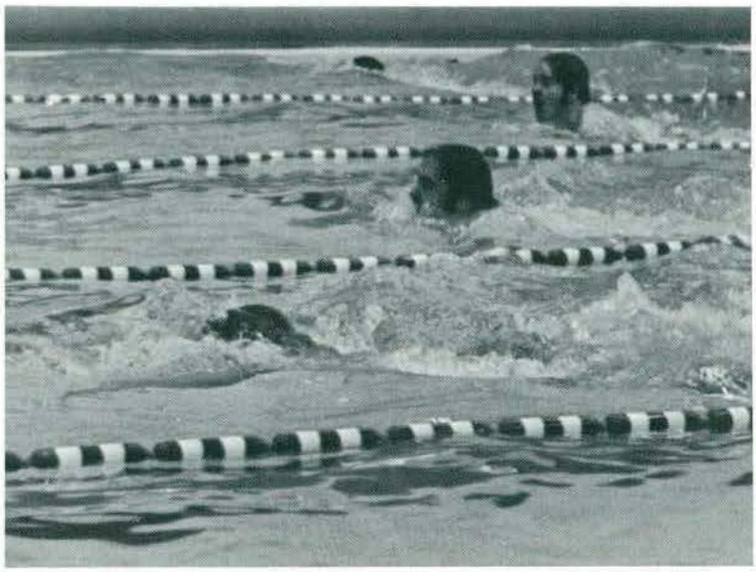

intramurals provide recreational outlet

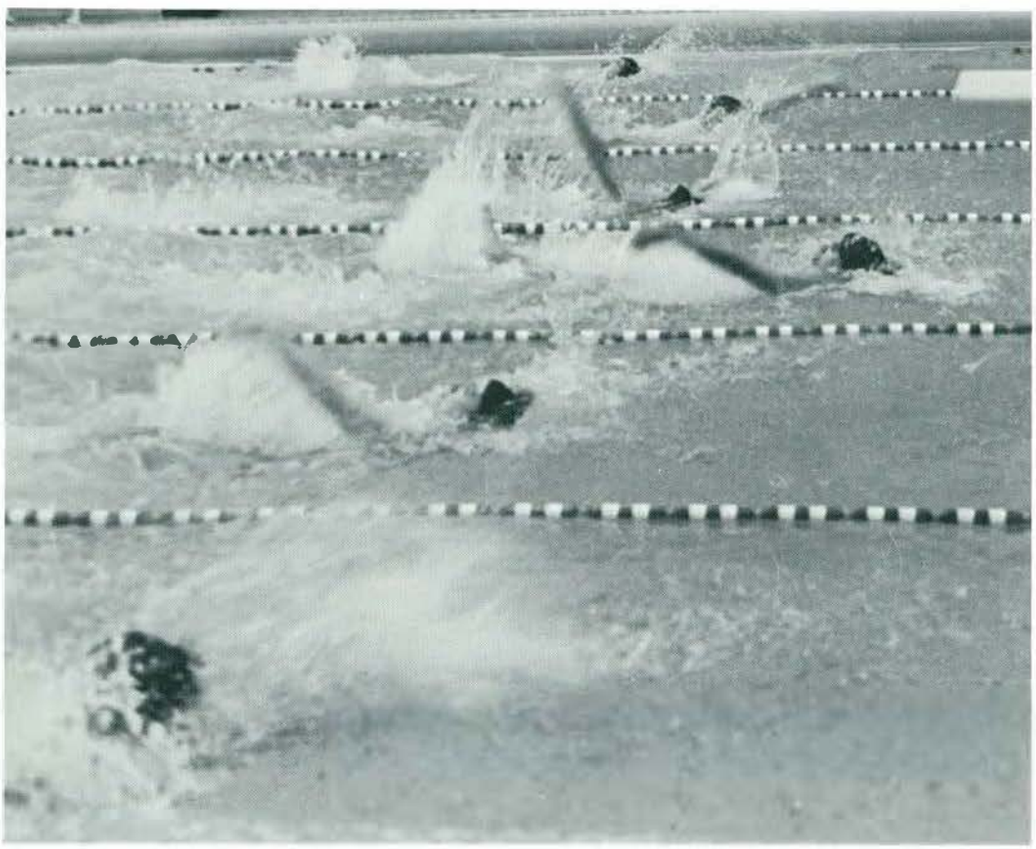

intramurals draw active students

Standing motionless before a locked door
A door for which I have no key
Knowing not what lies beyond this barrier
The events that wait impatiently

Somehow, somewhere, someone will come
To show me how to unfasten the catch
This be the only hope I have
Of springing this oh-so dreary hatch.

Many have tried and failed in their attempts
and some are much worse for it
I search as I have searched for the special one
T'was like giving a book to an illiterate

Too far or too close is the answer
For me to see it clear
Either way by traveling on
I'll find the answer I hold so dear.

exploration and discovery

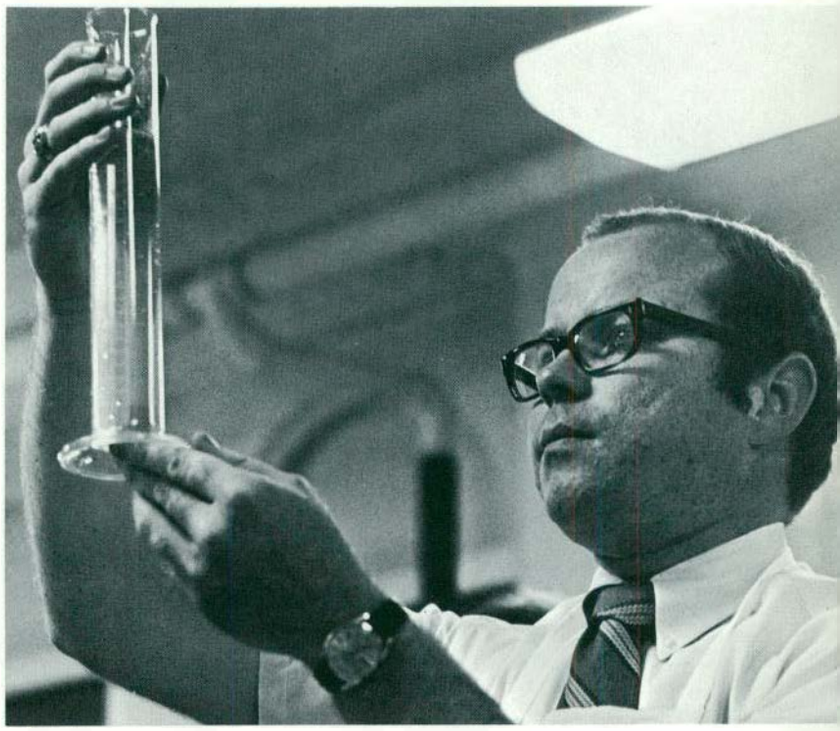

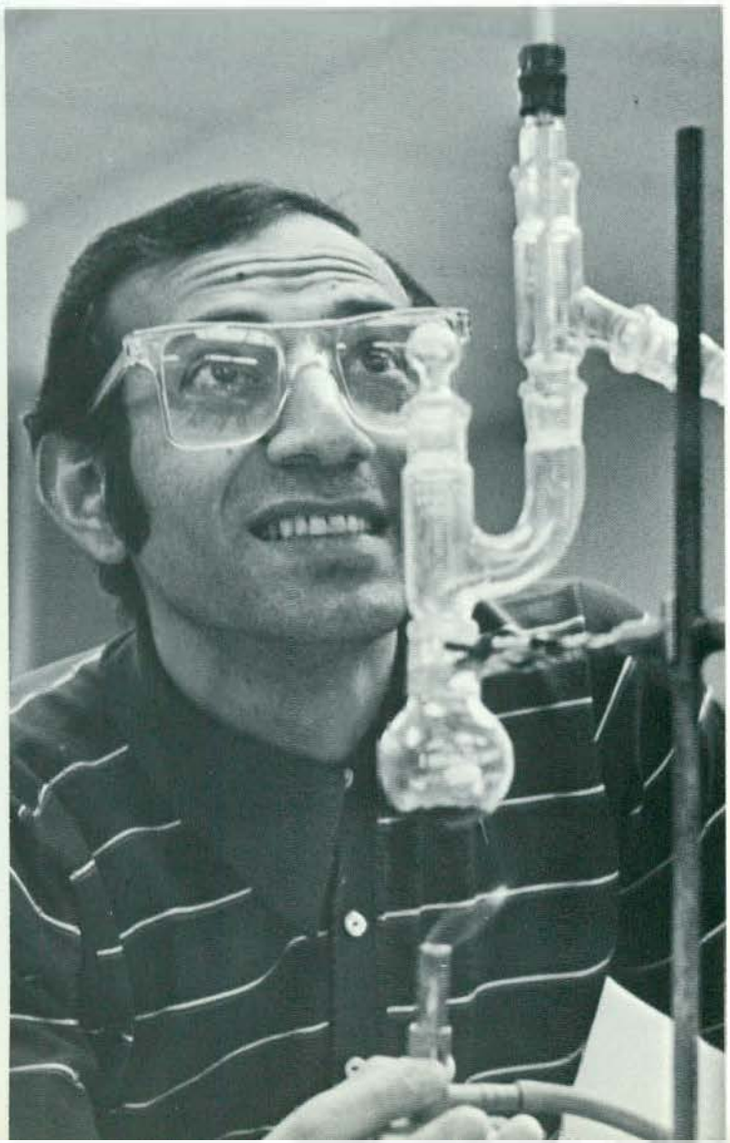

Within the College of Arts and Sciences are four departments known as technical sciences. These departments — Biology; Chemistry; Physics and Astronomy; and Geology and Geography are located in the new Jefferson Science Complex.

The Chemistry Department, in keeping with university expansion, has formulated several new courses and programs in physical, biological, advanced organic and inorganic chemistry, in addition to others.

Eastern's Biology Department, hosts a record of growth, in addition to numerous study programs offered in conjunction with the University itself. Field laboratory experiences are available near campus, or as far away as the Caribbean Biological Center in Jamacia. These programs are currently being expanded.

mastering the arts

The Department of Art at Eastern Michigan University provides students with thorough training in the fundamentals of art. Drawing and design, painting, sculpture, commercial art, the crafts and art history, supply expression. Achievement in art and teachers of art are the goals of departmental instruction. At the left is Dean of Arts and Sciences, Donald F. Drummond.

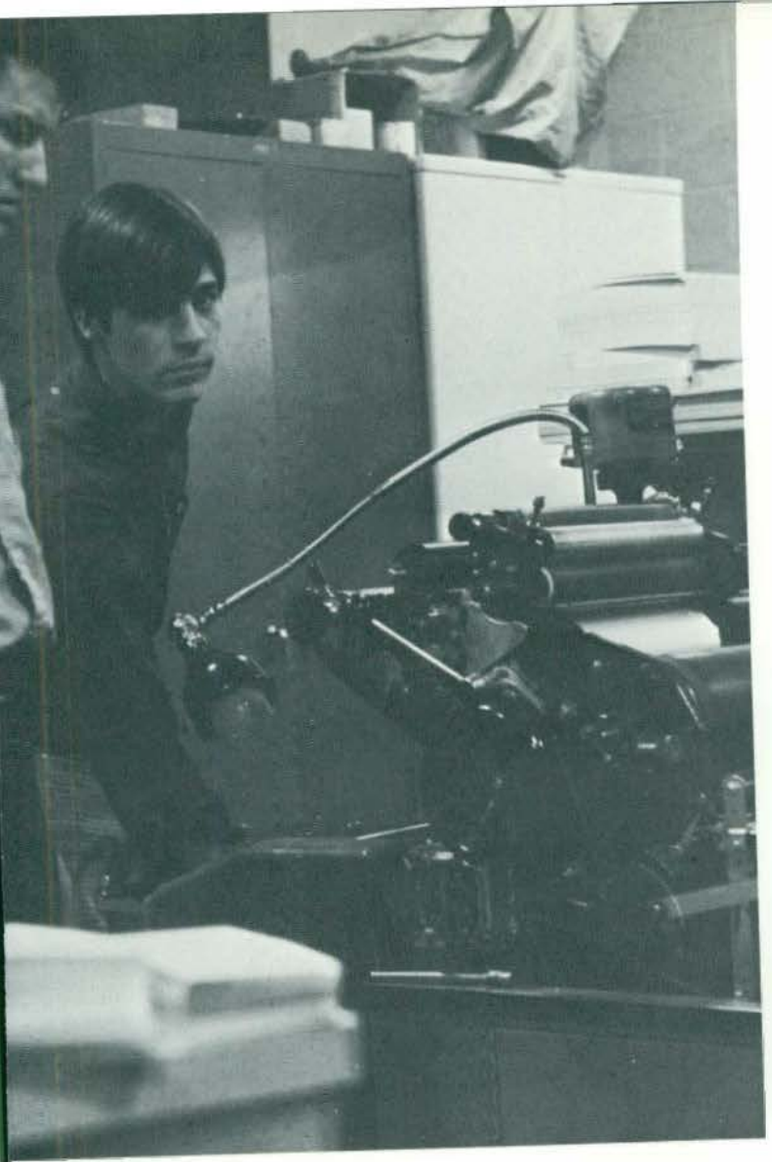

industrial leaders of tomorrow

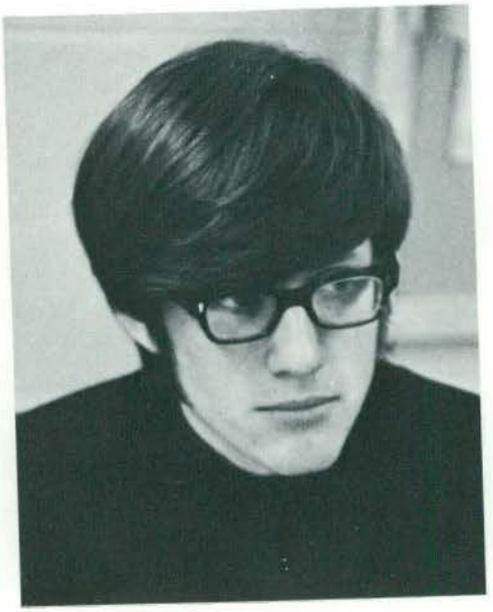

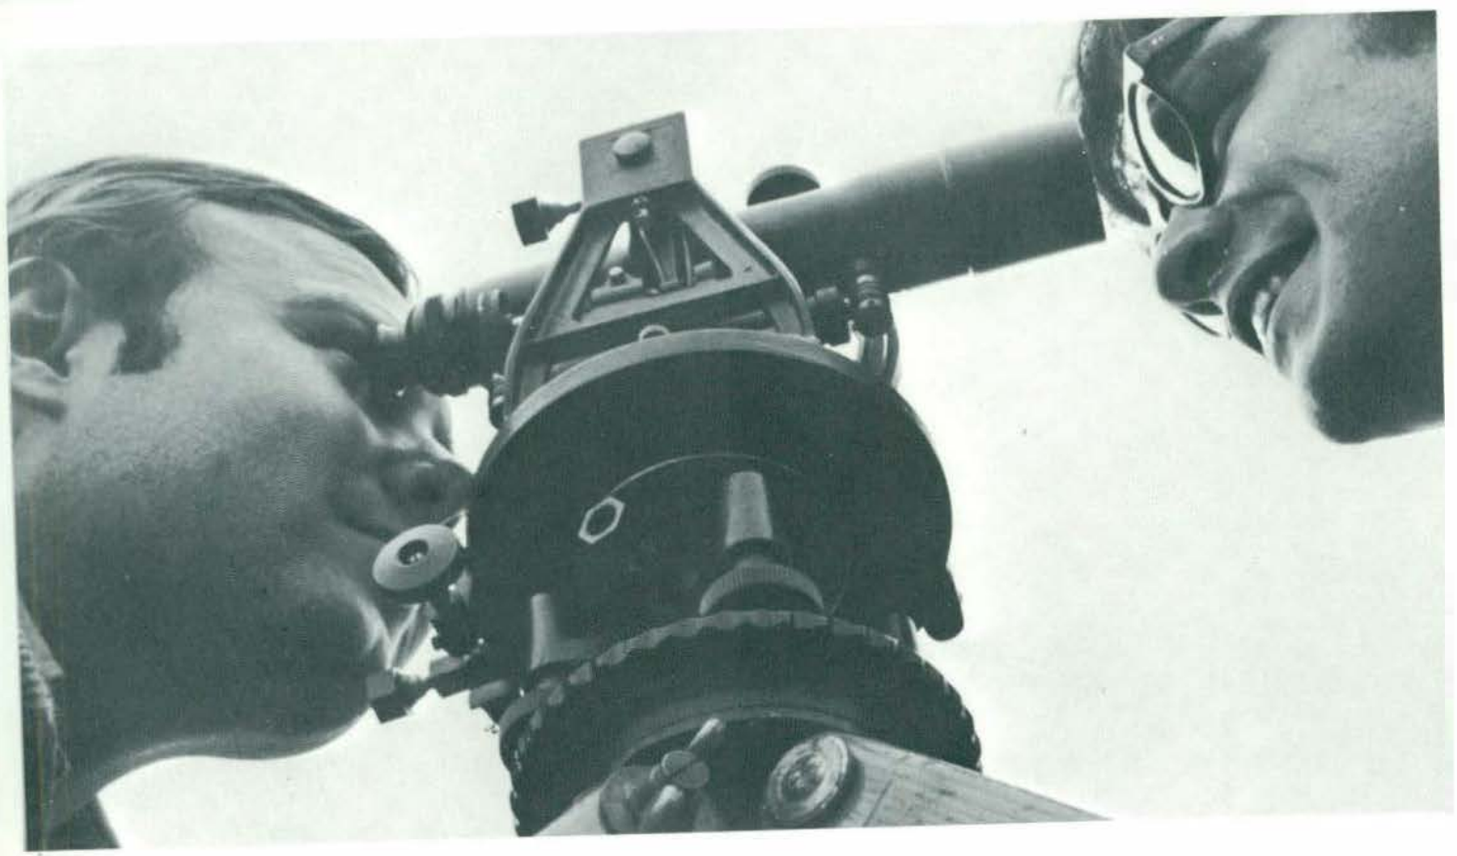

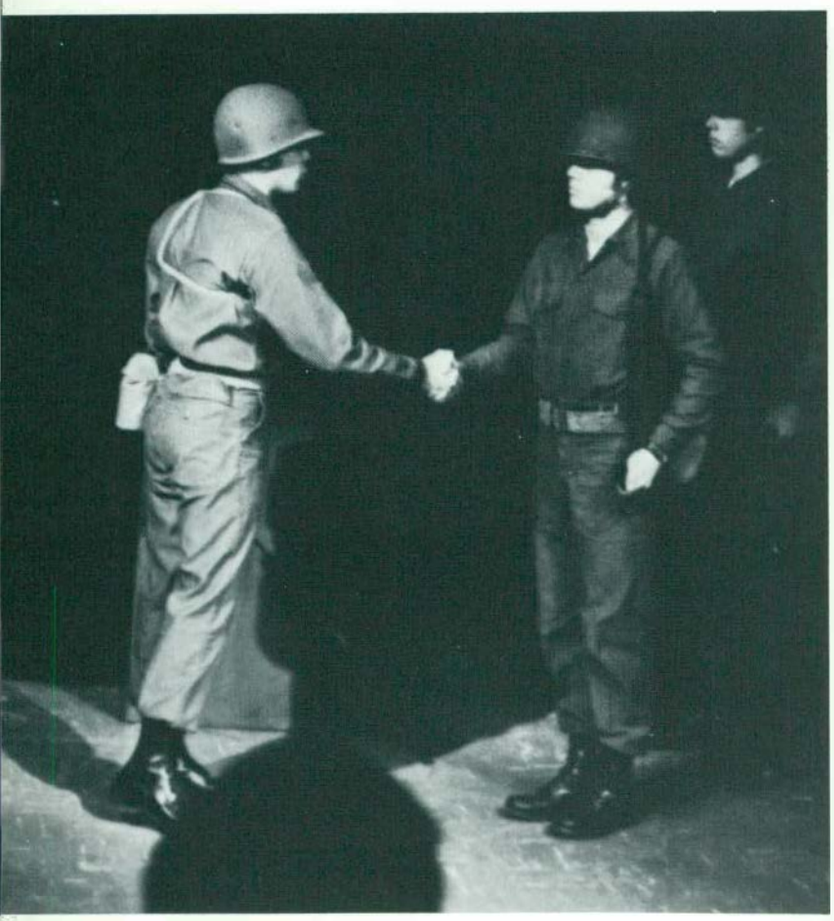

The department of Industrial Education, headed by R. A. LaBounty, offers programs in Industrial Education, teacher education, Industrial Technology, two year programs in Pre-engineering, and Industrial Technician.

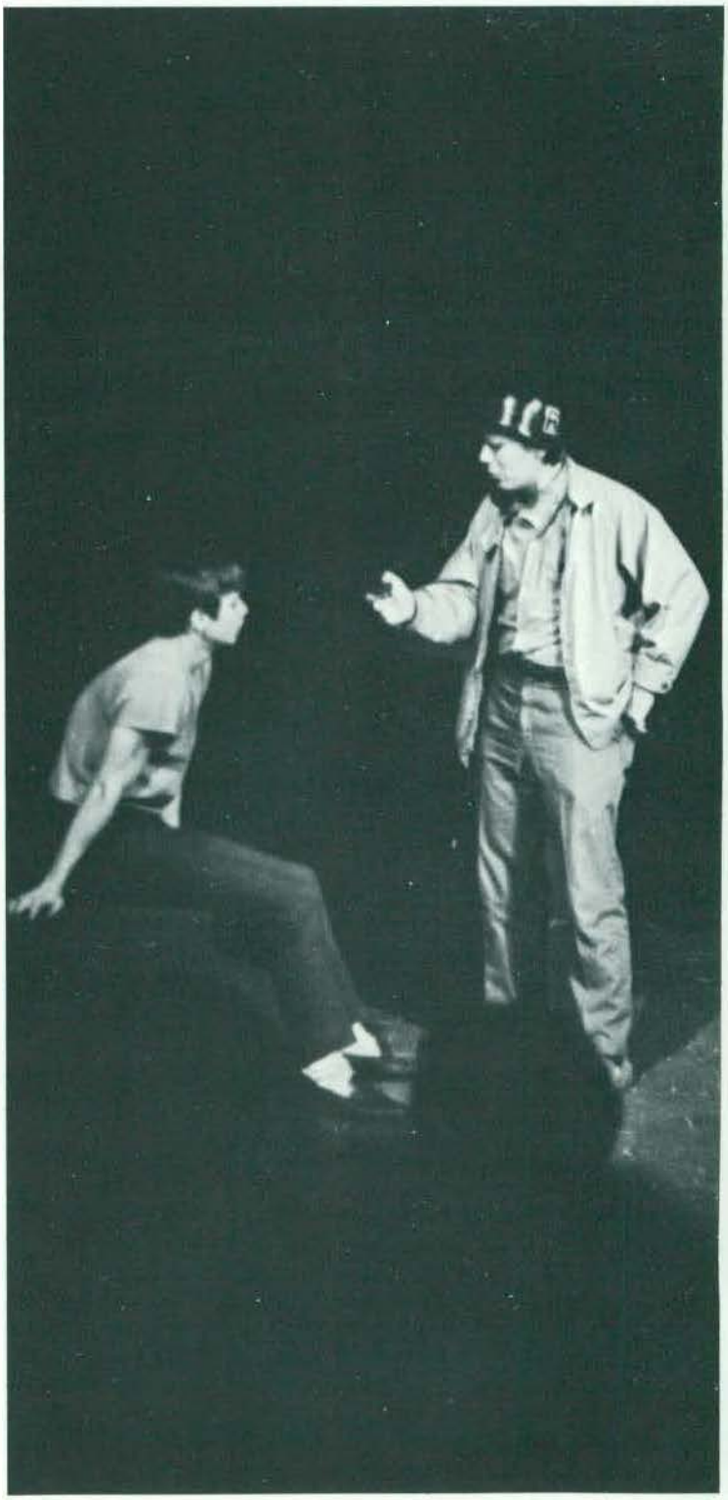

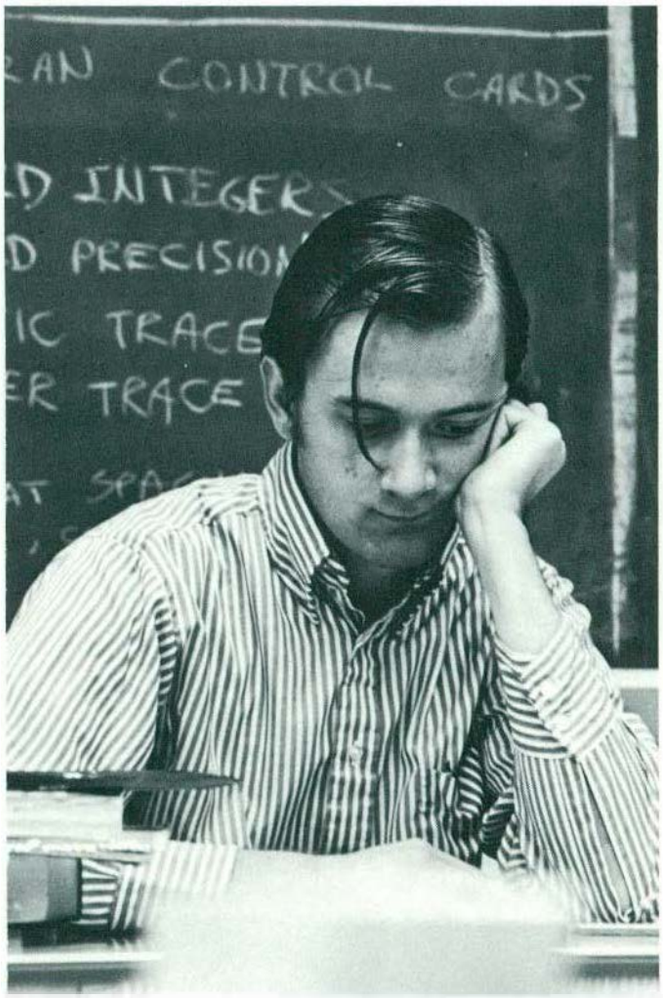

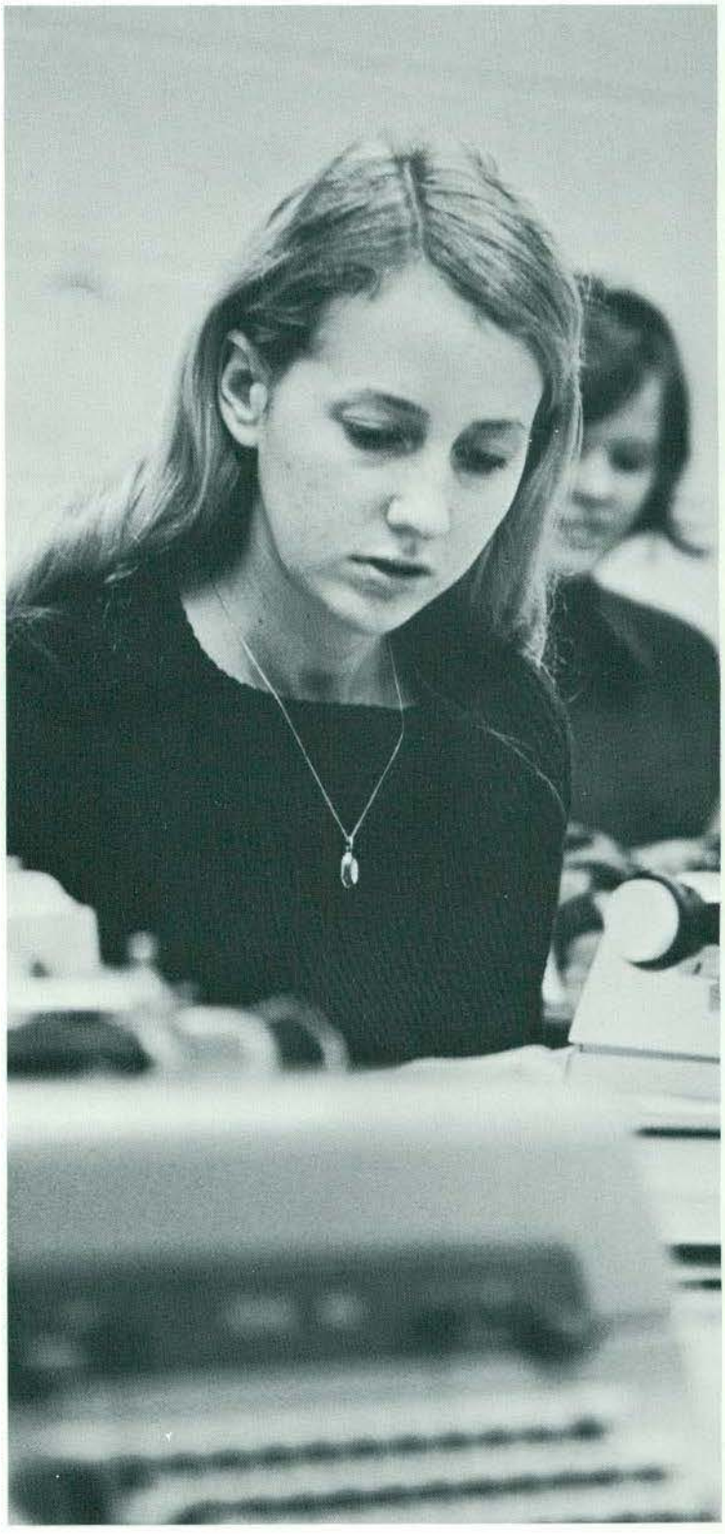

learning by doing

Lab theatre is a workshop for drama students to practice and participate in their own productions. Students have a chance to practice directing, producing, scenery, props, and acting.

business

EMU's College of Business consists of the departments of Marketing, Accounting, General Business and others. It presents an excellent educational program with the most advanced equipment available, modern classrooms and learning laboratories.

education
to further
the goals
of our minds.

Dr. Allen Meyers, Dean of Education

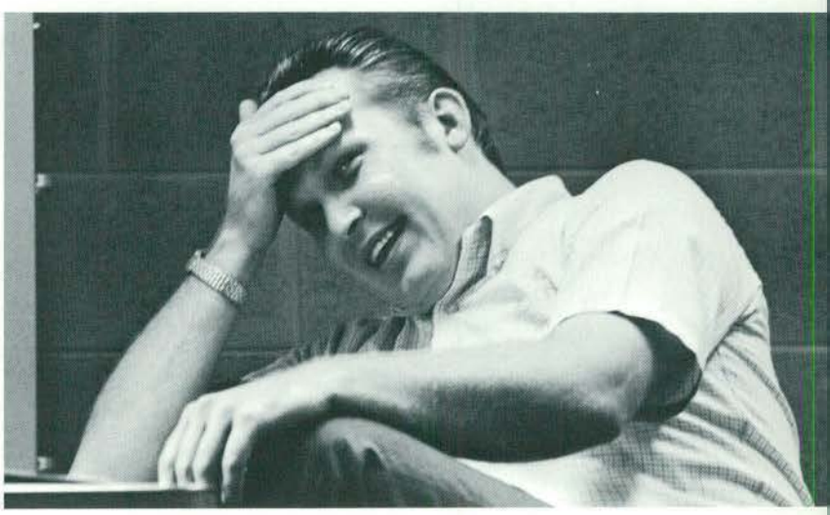

The College of Education is concerned in shaping individuals for leadership in better education for the future. Departments in the College of Education are: Special Education, Physical Education, Educational Leadership, Educational Psychology, Guidance and Counseling. In 1971 new departments will be added, they are: Educational Media, Social Foundations and Curriculum and Instruction.

eyes are opened

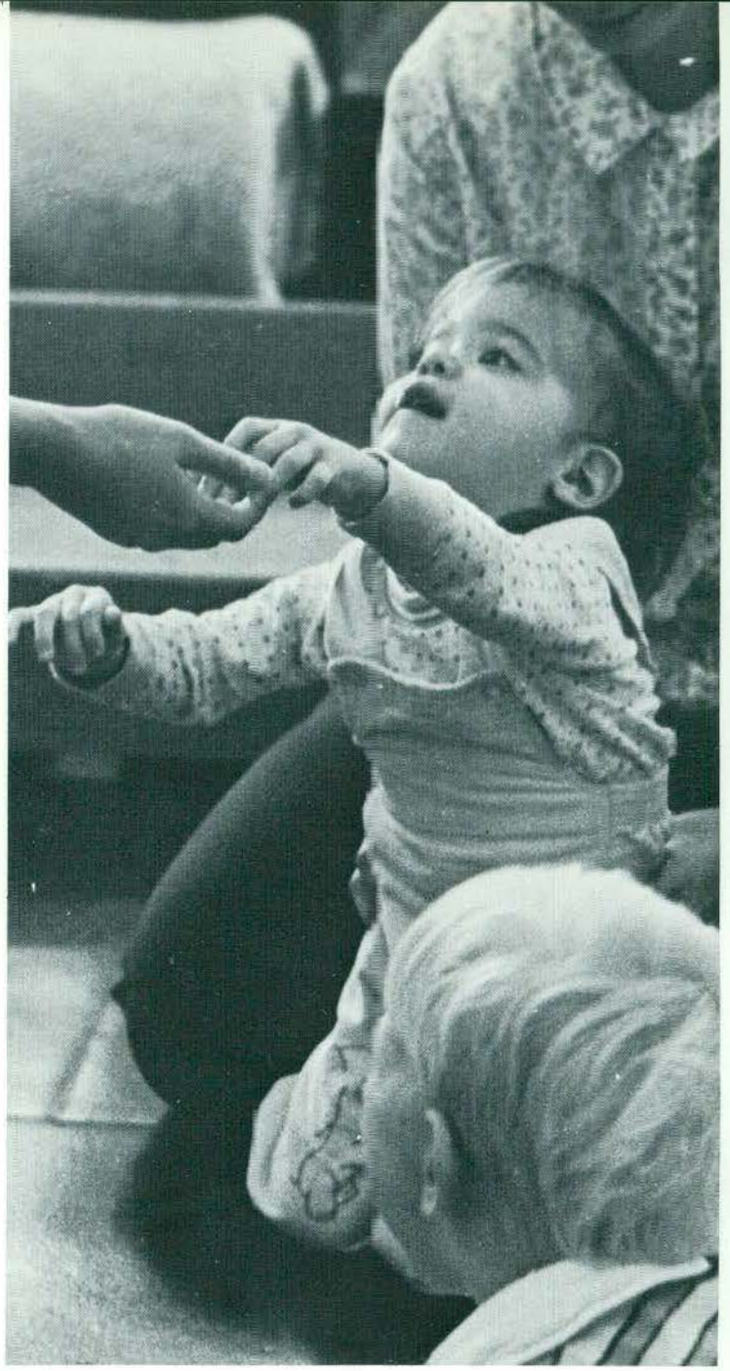

searching for hidden possibilities

The Department of Special Education is a department within the College of Arts and Sciences.

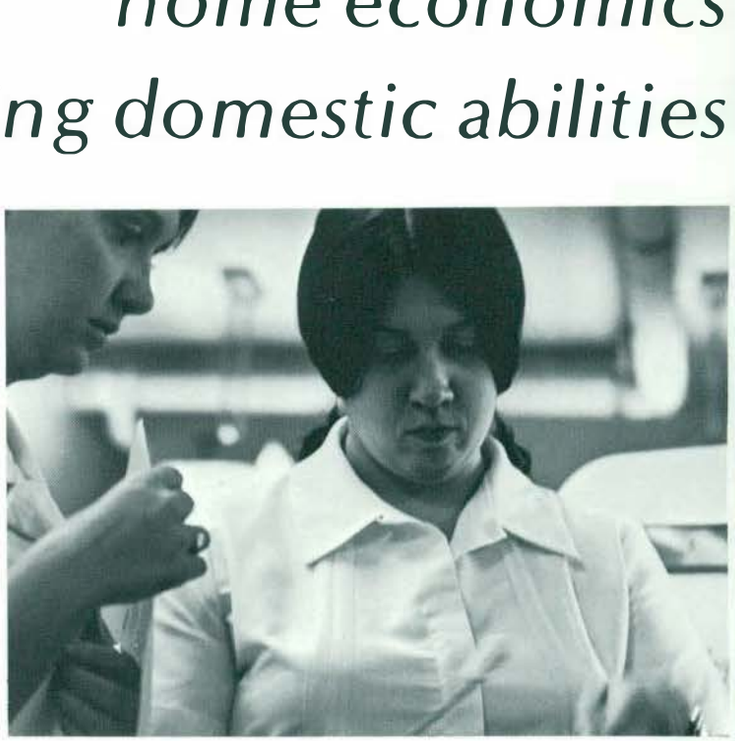

C. M. Elliot, Head of EMU's Special Education Department believes that the special class teacher must be an artist. He must work with the stones rejected by the builder and search for the hidden possibilities they possess and make the most of them. At EMU, we strive to create the artist — the great teacher — to use his creative imagination instead of a standardized blue print.

home economics
developing domestic abilities

EMU's Home Economics Department specializes in the areas of General Home Economics, Home Economics Education, Family Life Education, Dietetics and Home Economics in Business.

Each Home Economist is earnestly concerned with homes and families that live in them.

2
3

p.e. department produces more physical educators.

EMU is recognized today, as a leader in the training of physical educators and coaches of both men and women. The university offers extensive formal training supplemented by practical experience participating in service teaching programs and student teaching programs.

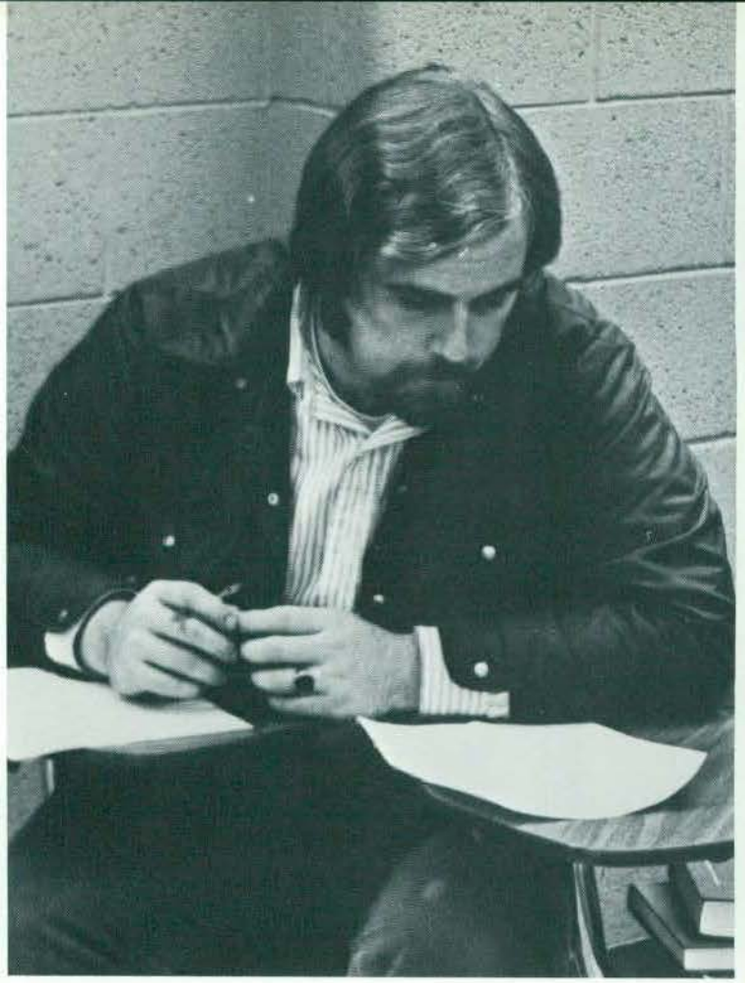

preparing to defend

The Army Reserve Officers' Training Corps exists to develop college-educated officers for the Active Army and the Reserve Components. ROTC, as known today, began with the National Defense Act of 1916 and has had only minor changes in the program since.

expanding intelligence

Dean Robbins, Graduate School

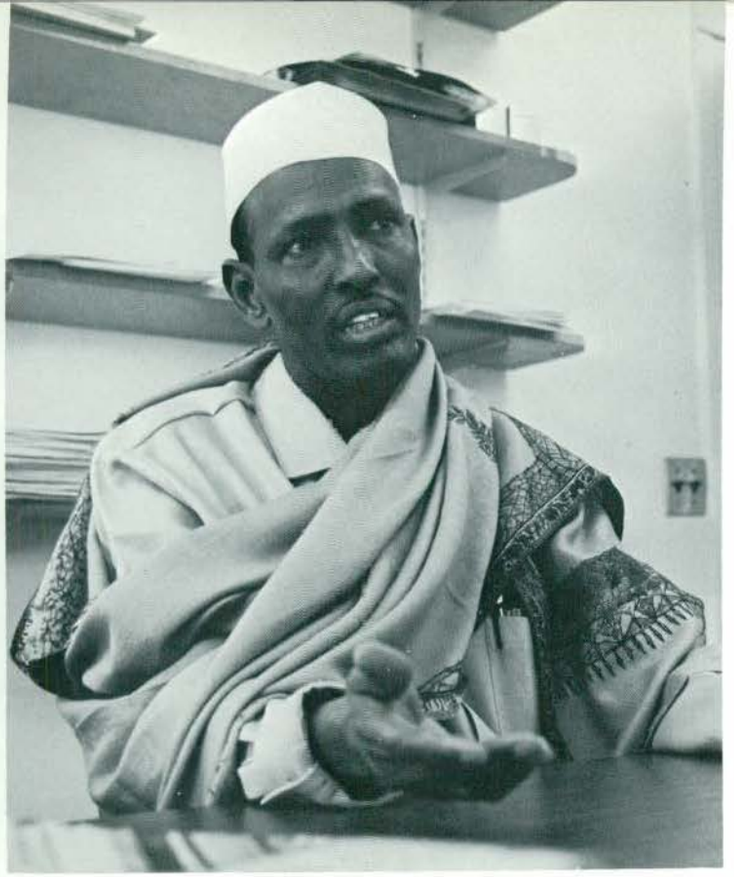

Graduate education was inaggurated at EMU in 1938. Currently the school offers twenty three programs leading to the Master of Arts Degree, ten leading to the Master of Science Degree and two programs to masters degrees in specialized areas. Faculties within all colleges and departments strive to meet the educational needs of graduate students.

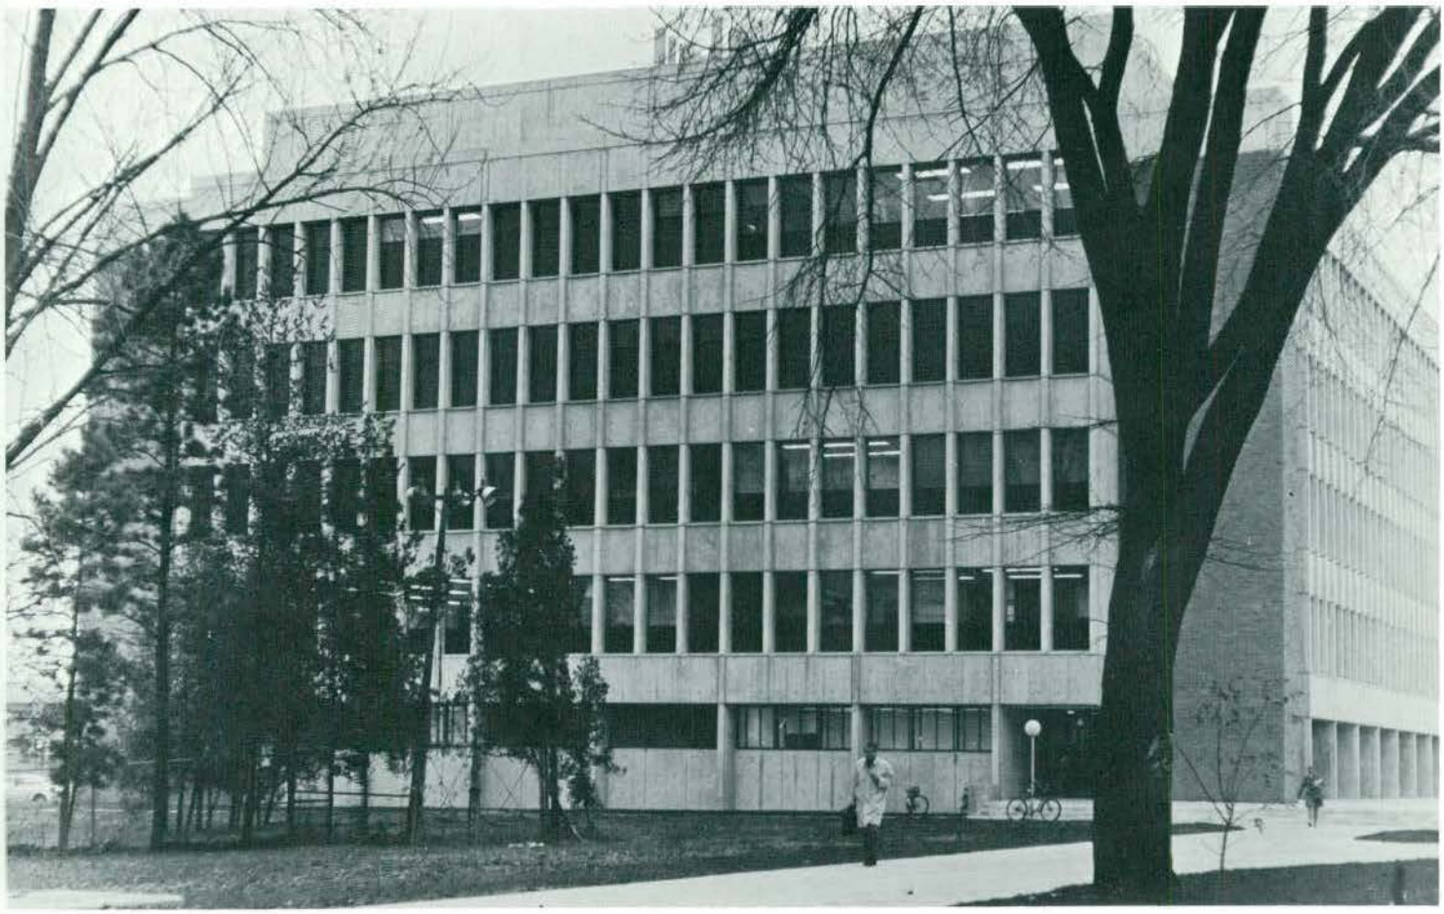

all the children of the world

Eastern's foreign exchange program, sponsored by the Office of International Studies, has carried out its programs most effectively to better relations throughout the nation.

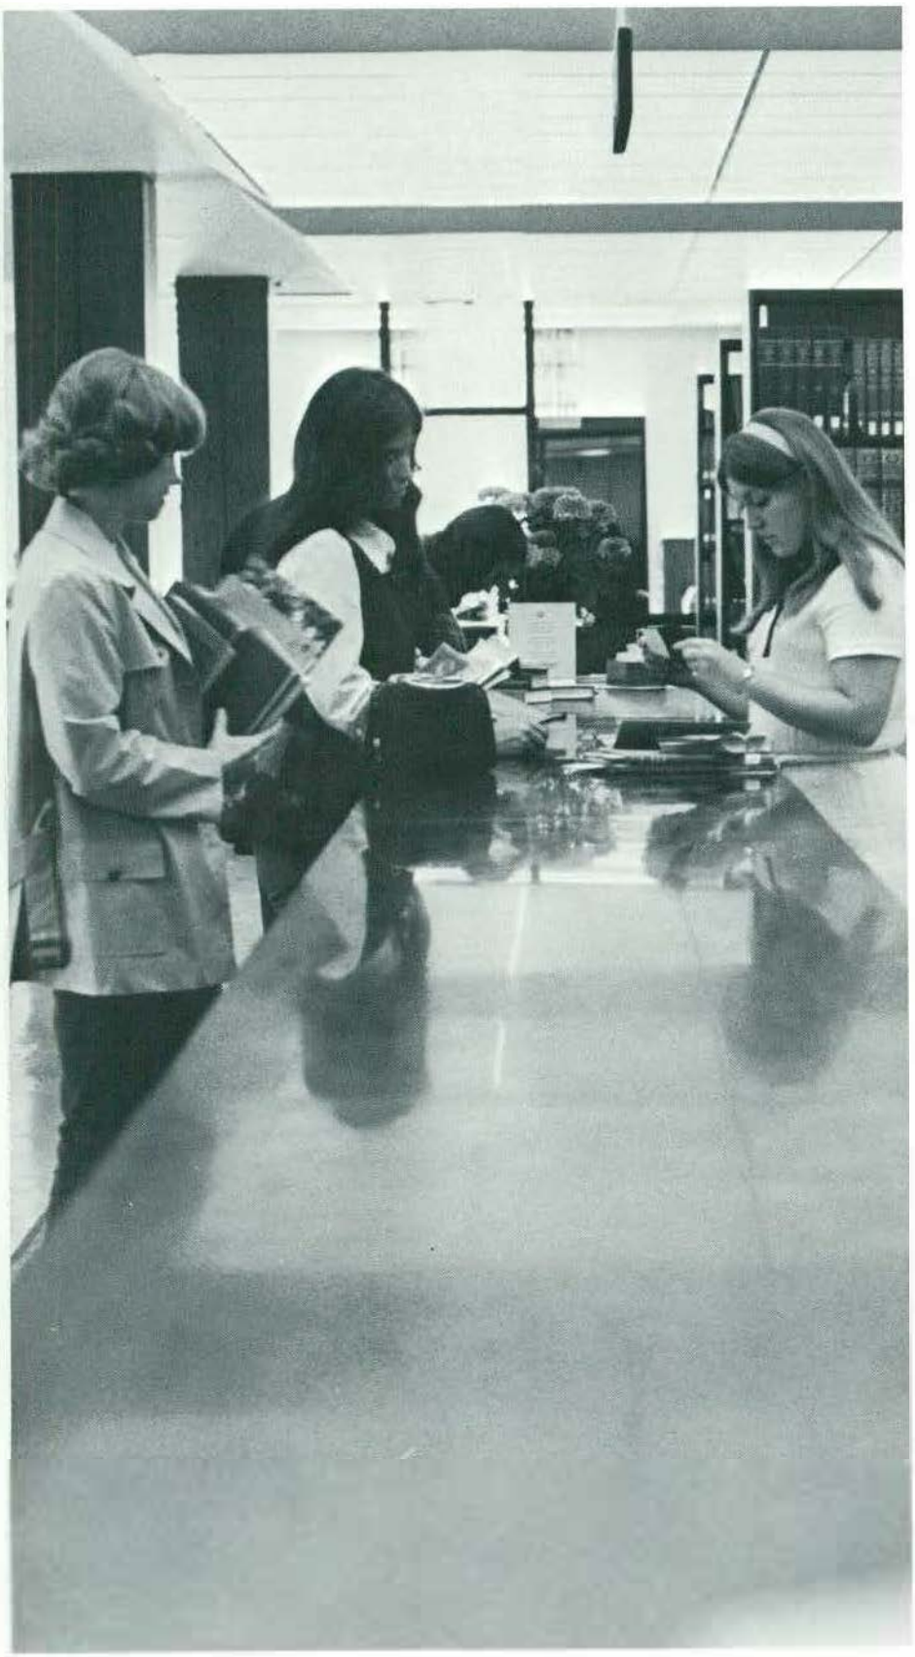

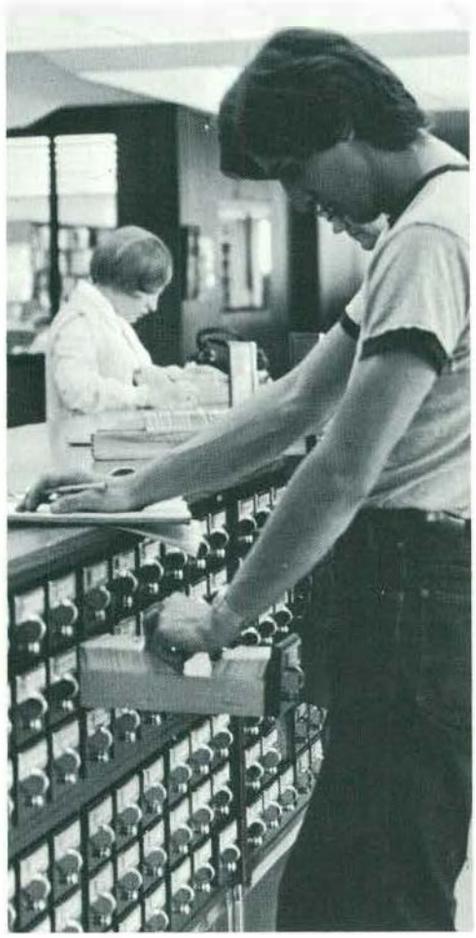

the lib . . .

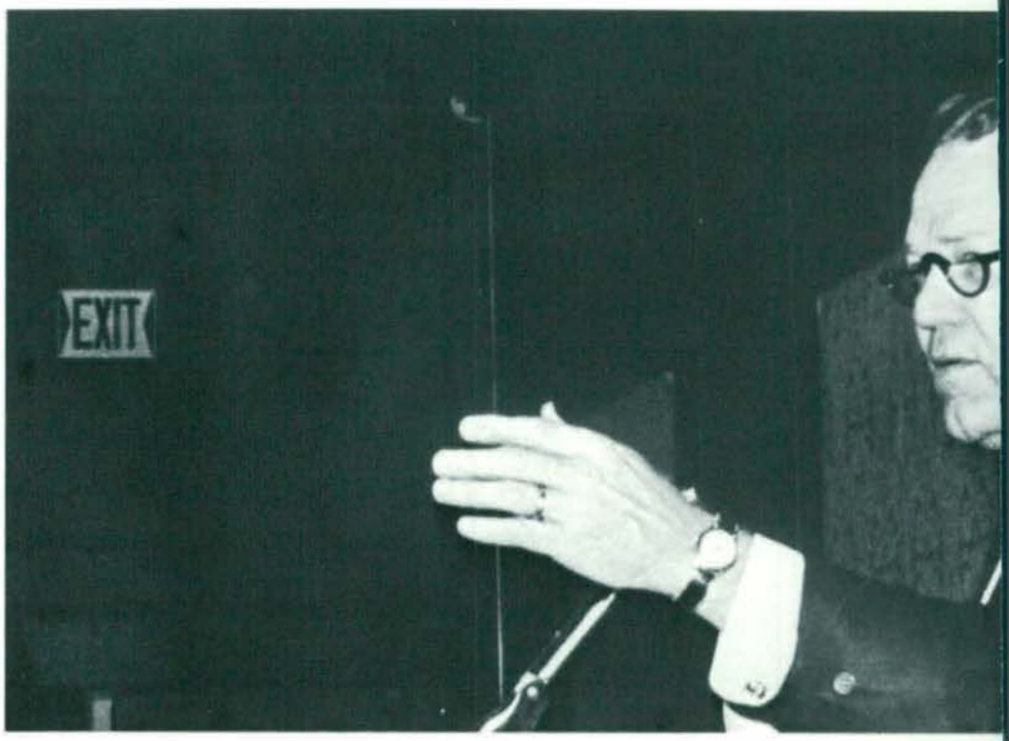

The University Library provides the resource materials for learning in all fields covered in the instructional program. It is possibly the most user-oriented library in the State. The staff is perhaps better prepared than most, and many are fully-qualified to teach in addition to being librarians.

BOARD OF REGENTS; (LEFT TO RIGHT): *George E. Stripp, Lawrence R. Jussee, Verda Anderson, Mildred Smith, Edward McCormick (chairman), President Harold E. Sponberg, Virginia R. Allen, Charles L. Anspoch, and Richard N. Robb.*

health center is concerned

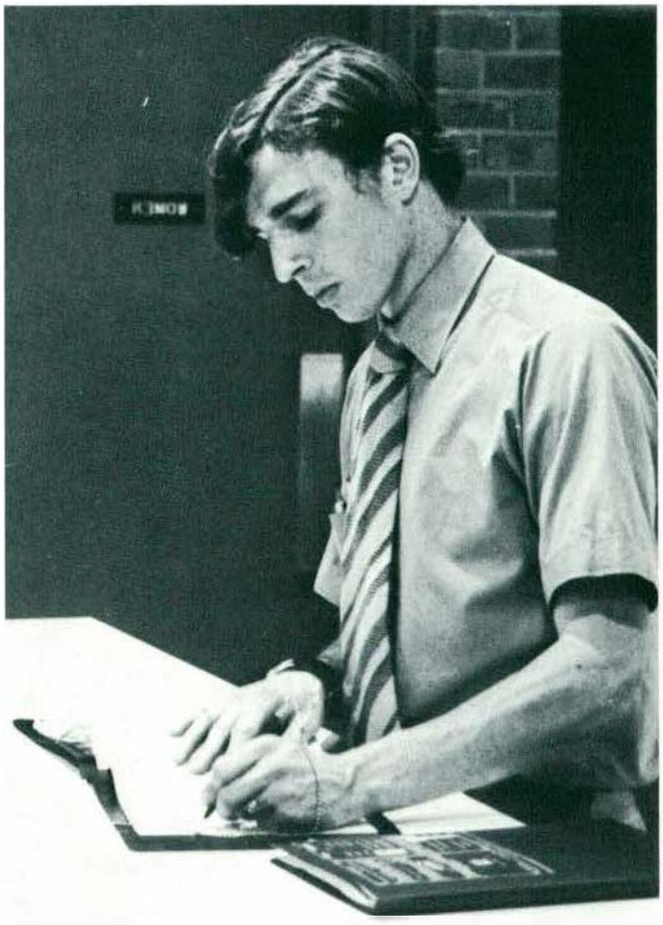

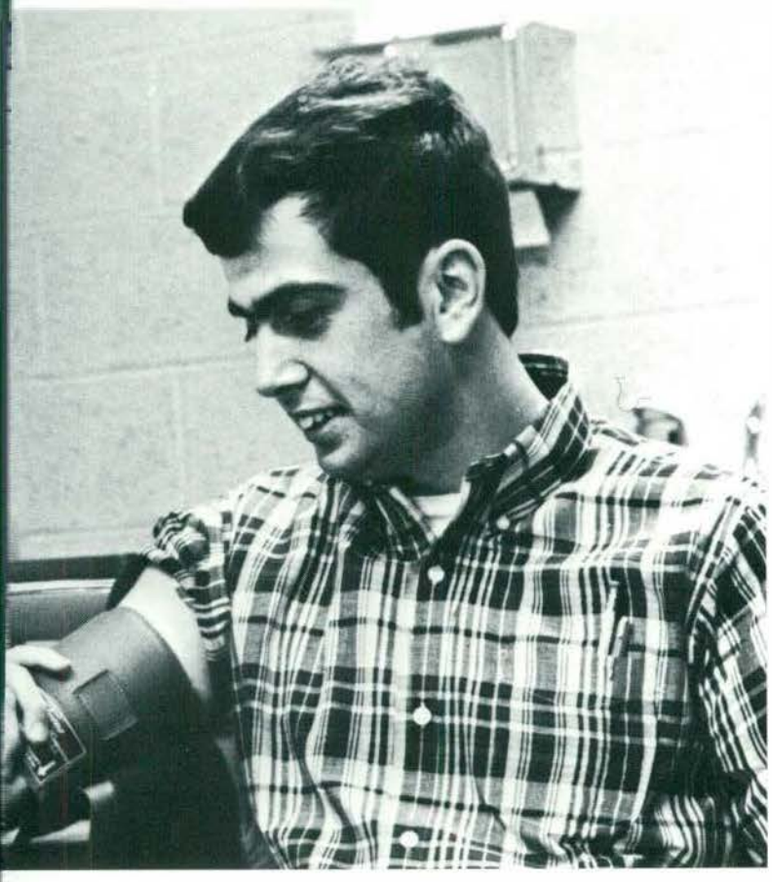

The Health Center has special clinics for medical problems, personal counseling and other services. The staff members possess special abilities and are especially concerned with the health care of University students.

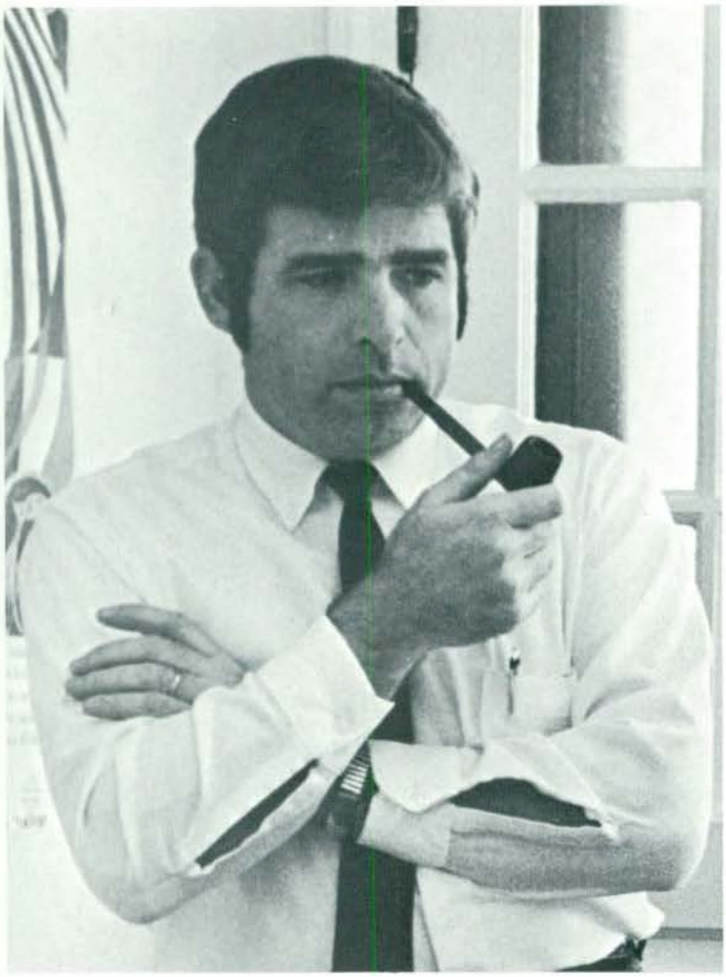

EASTERN MICHIGAN
UNIVERSITY
PLACEMENT
CENTER

students find help . . .

With all the students madly rushing around day after day, the information center is a welcome relief. This center handles all Eastern students records and interviews.

The placement center helps college students to find jobs so they can finance their own education. After graduation, this center helps students find a job in their own field.

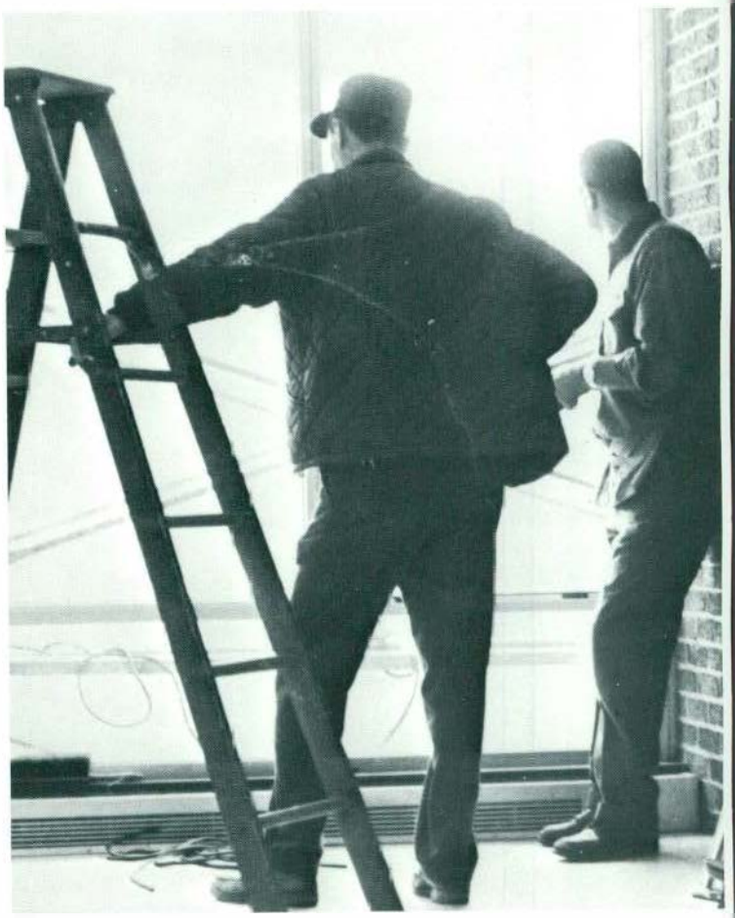

Both the placement and information centers help students to function as completely as possible.

dedicated to a cause

Three men, dedicated to promoting better relations between the student body and the administration, have left our university. Vacating the offices of Director of Housing, Dean of Students, and Vice President of Student Affairs, were David Stockham (lower far left), Thomas Aceto PhD. (upper far left), and Robert Zumwinkle PhD. (left), respectively.

Acting as middlemen these men often confronted frustration from both students and administration. During the disturbances in the Spring of 1970, they went to the streets only to feel the administrative noose tighten. They left for reasons that no one is sure of, but we wish them the best of luck.

The Student Senate has concentrated their efforts on total representation of the Student Body.

Lead by Barry Simon, student body President; and Dennis Hertel, Vice President; they have worked to solve such major issues as womens hours and the commuters right and privileges.

concentration on representation . . .

This year's Home Economics Association viewed the varied fields of Home Economics through individual projects, guest speakers, and club activities. The Michigan HEA fall college workshop was hosted by the local chapter. This years program was concerned with todays consumer and followed the theme, "2001 — A Consumer's Odyssey." Fashion, foods and the family are the fields of study on the spring agenda.

As the newest addition to the campus dorms, Hoyt Hall completes the north campus tower complex. Opening on December 1, 1969 Hoyt is the first coed dorm on campus. Although the dorm opened later in the fall semester, it was quickly filled with lively students. Under the direction of their Head Advisor Kathy A. Wilmont, Hoyt's hall government takes the form of a small town meeting. Each corridor is asked to send a represenative although all students are welcome to attend. They meet to organize campus activities and to discuss and relate campus projects. During the year they have sponsored a little brother and sister weekend. For a fund raising project a slave sale was held for all to enjoy. Also, the fifth floor added to its treasury by holding a bagel sale.

scuba club

Last year a group of sailing enthusiasts put their heads togther and formed what is now the fastest growing club on campus. The sailing and scuba club now owns four boats and several sets of scuba equipment. They offer lessons in both sports and actively participate in a number of sailing regatta's and races each year.

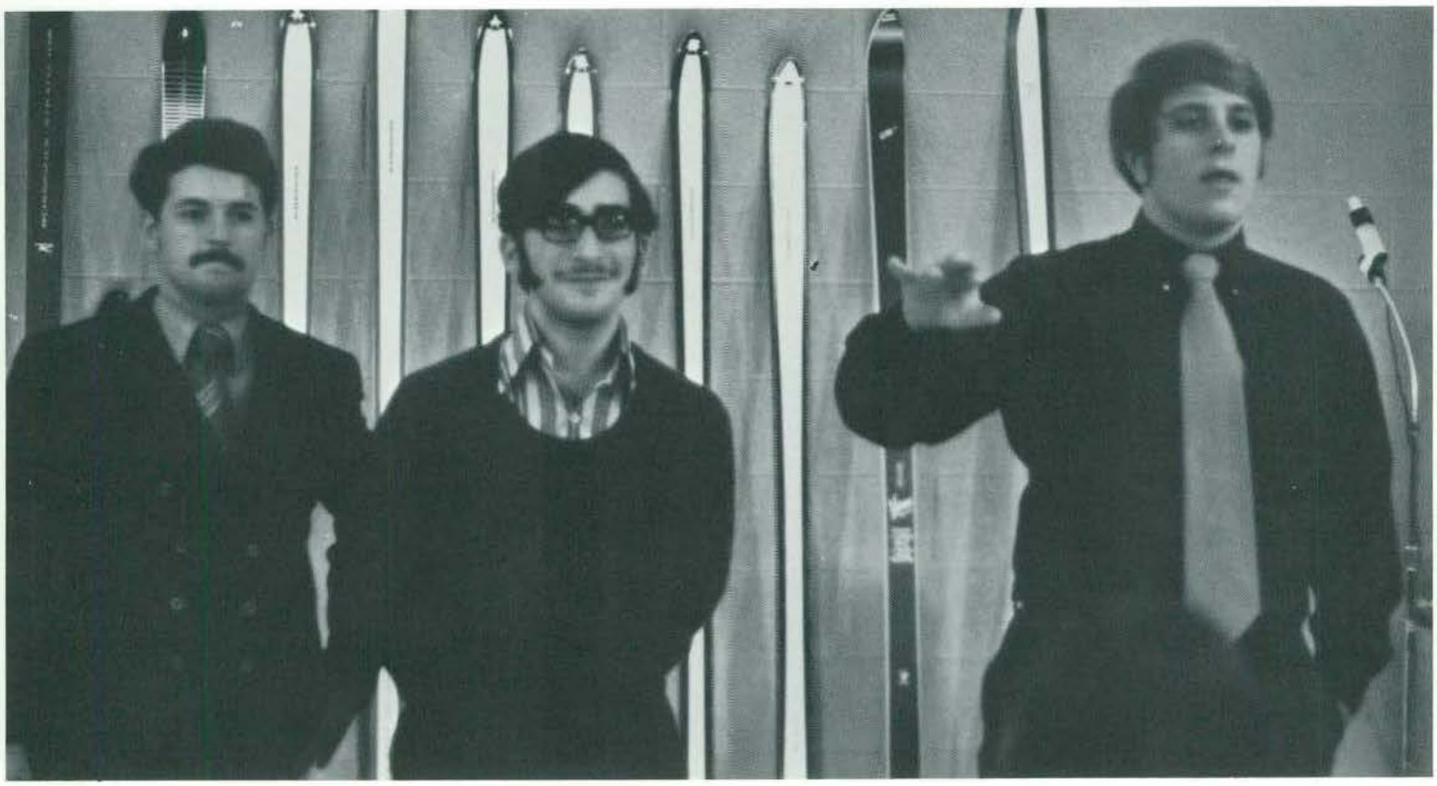

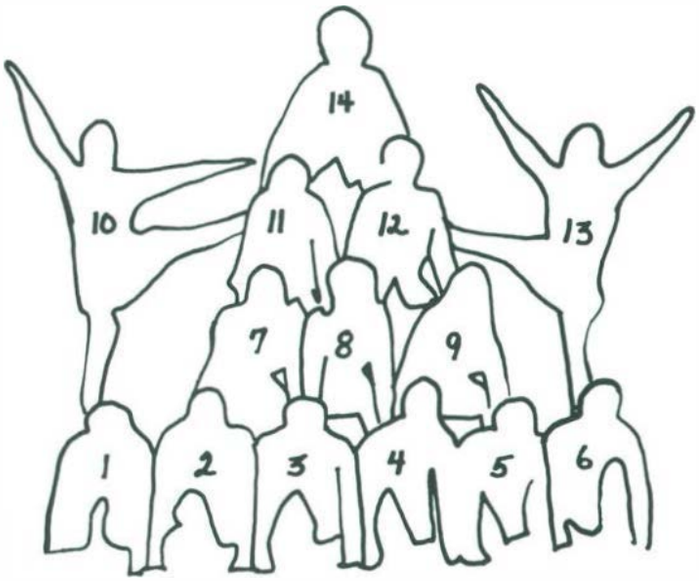

skilaufen

Skiing everything from Mt. Brighton to Aspen and hopefully Switzerland, Skilaufen, the E.M.U. ski club, hosts several outstanding ski excursions throughout the ski season. The club is led this year by Bob Parent, George Derderian, and Greg Slagon (pictured below), and sponsored by mud.

Meeting weekly in the "Skilaufen Raps" session the club discussed plans for their trips or just gazed longingly at the beautiful white slopes in the ski-flicks. When not in meetings the club went on their "Skilaufen Go" which meant schussing many of the best slopes in Michigan and the United States, as well as in Canada.

To broaden the scope of the club, Skilaufen brought Jean Claude Killy, the idol of many skiers, to of many skiers, to our campus and organized and sponsored the university's first competition ski team.

In trending fashion the Huron Cheerleaders have been matching the athletic ascensions stride-for-stride.

Interest in the boosters was slacking off before they were spiced up with fresh blood — in the form of male rooters. They gave it a try last year and the results were extremely encouraging to the point that, this year, the men have been officially recognized as regulars.

It's always a chore for the boosters to get to the away games especially when the Hurons soar away to places like Phoenix, Boston, Pasadena and Washington. But the old cliche, "where there's a will there's a way" has flourished and the spirited gang has been in quite a few enemy bleachers.

IGAN UNIVERSIT PUBLICATIONS

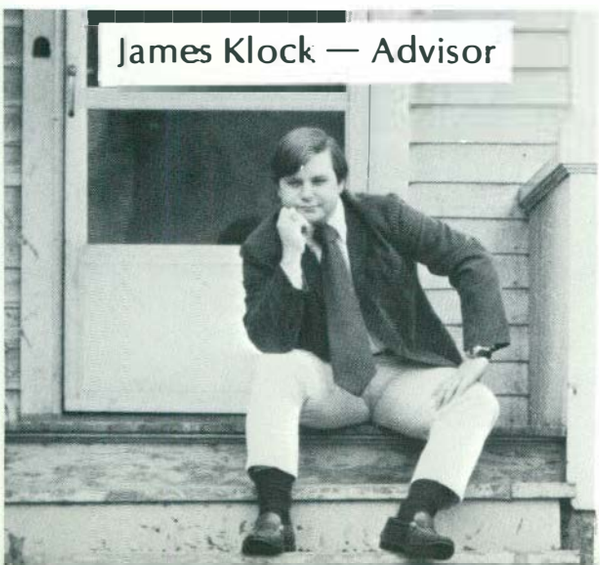

"You have to be crazy to be a college newspaper editor. So when you think that the job is driving you crazy, you find out you're actually sane and not crazy. Or something . . ."

Rob Musical, editor-in-chief
1970-71 Echo

For all the espirit de corps, it couldn't have been done without a lot of people putting in a lot of long hours. Late night hours when you felt that there was sand behind your eyeballs. A lot of the work went unrecognized, especially that of ad salesmen and business people. And this year, the Echo also acquired its own composition shop. With that freedom came headaches and a lot of responsibilities, but the paper got delivered and the University had begun to take the Echo seriously.

James Klock — Advisor

It hit us sort of like the flu. There were enjoying two issues a week and maybe, oh five days at the most in the office when BAM, an extra issues mashed our schedules to seven days, while we wished the weekly calendar had stretched itself to nine. Many people thought the Echo would drown in its own newsprint extending itself to three times a week. And there were problems. Things looked impossible. Deadlines were unrelenting. Somehow through it all we did it.

aurora finds new life and vitality

EDITOR'S ACKNOWLEDGMENT

Looking back on the past year we sometimes wonder how we made it through — alive and sane. It was a rough year, full of surprises and disappointments, late deadlines and sleepless nights. However, there were several people to whom we owe a great deal of thanks for doing their part to make things much easier and more enjoyable.

We would like to thank Mr. James Klock, our advisor; and the Publications Board for their help and advice. Jerry Schneider, Bill Johnson, and Sam Fields of Delma Studios, and Kirk Armstrong of American Yearbook Company, for coming through when we really needed them.

A tremendous thank you to Irving Lloyd, Rosemary Lawrence, and Roger Bjorkdahl, for the fantastic amount of photographic assistance they gave us.

Last, but certainly not least, a very heartfelt thanks to the entire Aurora staff for their fine work, and for putting up with us and sticking around until the finish. An extra thanks to Karen Mulvihill, for the fantastic job she has done as business manager. And an extra thanks to the ECHO staff for all the help they gave us during the past year.

There are many others that have contributed to the success of this AURORA, but cannot be mentioned in this space. Thank you one and all for a very enlightening and rewarding year!

Robert Moore and Margaret Mate
Co-Editors-in-Chief
